East Ayrshire Adult Protection Committee

**Acting against harm**

Protecting People Through Zero Tolerance of Harm

## What we are doing NOW

Developing a Staff Newsletter from the Adult Protection Committee to the Multi-agency Workforce

Developing an Engagement & Communication Sub Group Improvement Action Plan

Understanding the impact of improved responses for adults with non-fatal overdoses

Undertaking a series of mini audits around domestic violence, and self-neglect to better understand how this impacts adult's at risk of harm

Ensuring young people receive the right support at the right time by the right service where there are protection concerns.

Evaluate the Advocacy Service process for ascertaining views of adults within the ASP Process

## What we are doing THIS YEAR

Develop a joint ayrshire apc/cpc learning review guidance

Implement adult concern initial response team improved service model

East ayrshire annual development day is held for east ayrshire adult protection committee

Evaluation of scottish fire & rescue safe space initiative to reflect that it has been effective in keeping people safe from harm.

Develop & deliver a joint child protection/adult support and protection learning session framed within the revised chronology practice guidance.

Develop a suite of information for adults at risk of harm.

## What we will do NEXT YEAR

Develop large scale investigation management information recording and reporting mechanisms.

Jointly design a process for consistent involvement of health and police to strengthen information sharing, early decision making and risk assessment

Self-assess our level of readiness in relation to integrating a trauma informed approach.

Strengthened partnership engagement through support to the housing workforce and others identified as second workers.

Learning from large scale investigations routinely shared with east ayrshire adult protection committee.

### Outcomes: Safer and protected communities
