

## PROJECT NEWSLETTER

September 2018

### Barony Campus September Newsletter

Welcome to the September 2018 Newsletter. The picture above shows how far the progress has come over the last month or so. The steel for the sports block is now complete and erection has started in what will be the secondary block. Looking forward, over the next couple of weeks we have planned

- Begin roofing/cladding on the sports Block
- Continued progress of the steel erection
- Fencing to be installed around the sports pitches
- Foundations continued on what will be the primary block.

The winter weather is fast approaching, however, other than one afternoon during storm Ali, work has continued as planned.

If you have any further recommendations or issues please contact the Site Office or –

David Wright – Project Manager **07484 041695**

Brian Linden – Construction Manager **07483318148**

## Community September 2018

Over the last month Morrison have pushed to continue our involvement within the local community, below are a few snippets of what we have been up to.

### Deputy First Minister Visit

John Swinney MSP, Deputy First Minister and Cabinet Secretary for Education and Skills came to visit the Barony site and unveil the foundation stone in the sports block. To mark the event children from the local community were given the opportunity to store some memories in time capsules that were then buried and will remain part of the school's footprint for decades to come.

### CLIC Sargent

All Morrison sites were challenged with cycling 60 miles per day on static bikes to represent the average distance many children and their families must travel for cancer treatment. Here at the Barony campus everyone got behind the 2-day event and managed more than 450 miles! Members of East Ayrshire council and the deputy Lord Provost came to support the event and cycle some miles as well!

### World's Biggest Coffee Morning

On Friday the 28<sup>th</sup> we took part in the world's biggest coffee morning to raise funds for Macmillan Cancer support, everyone on site emptied their pockets of change and filled them with cakes instead.

### School Visit

This Month we were delighted to welcome 9 enthusiastic pupils from Cumnock Academy onto the site for a visit. The group, who were all girls, are going to be writing a monthly newsletter to share with their peers regarding the progress made with their new school.
