

Pre-Hearing visits and information materials for Children, Young People and Parents/Carers

Improving the participation and engagement of children, young people and families in the Children's Hearings System within SCRA

Pre-Hearing visits

In 2015, as part of SCRA's commitment to improving children, young people and families' experience of attending Children's Hearings, SCRA created a [guide](#) for Social Workers to ensure that they are aware of the variety of information mediums available to improve children, young people and families' understanding of, and participation in, a Children's Hearing.

SCRA now offers 'Pre-Hearing visits' to any child or young person who requests this. They will be shown around the Hearings centre by a Reporter or member of staff and will be provided with an information pack to familiarise themselves with what to expect.

Information materials

SCRA has also created various information leaflets, booklets, films and podcasts for children and young people.

In addition, there are dedicated sections on our website, including:

- Children
- Young People
- Information for Parents & Carers

There is also a section for professionals working in the system, including a dedicated section for social workers.

Most of our information has been created in consultation with Hearings-experienced children, young people and parents/carers.

If you have any questions, please contact your local SCRA office, or Jennifer Orren on 0300 200 1527 or email Jennifer.Orren@scra.gsi.gov.uk
