

# **East Ayrshire Children's Services Plan 2023 - 2026**

## **Easy Read Version**

This easy read document is about the **East Ayrshire Children's Services Plan**.

This plan is for **2023 to 2026**.

Important words in this document will be in **bold**.

The **Children's and Young People Strategic Partnership** wrote the Plan.

This included staff in East Ayrshire Council, East Ayrshire Health and Social Care Partnership, NHS Ayrshire and Arran, Police Scotland, Scottish Fire and Rescue, Ayrshire College, and Council of Voluntary Organisations.

Children and young people told us what they would like the Plan to be about.

The **vision** of the Plan is “In East Ayrshire, our children and young people grow up loved, safe and respected so that they realise their full potential.”

The Plan has five **key areas of work**.

The first area of work is to make sure children and young people feel respected and **listened to**.

The second area of work is to help children and young people in **poverty**.

The third area of work is to help children and young people **feel safe**.

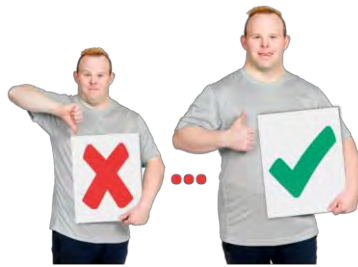

The fourth area of work is to help children and young people have the best start in life and reach their **potential**.

The fifth area of work is to help children and young people with their **mental health** and wellbeing.

There are actions to complete in the Plan.

We will check regularly that we are achieving our actions and making improvements.
