

would raise the matter at a shared liaison group meeting that they jointly attend. AB also asked that the matter be raised when the political leader and chief officers attended a SW event to celebrate the upgrading of the sewerage infrastructure from Kilmarnock to Meadowhead in Irvine. This scheme is to improve the quality of the Bathing Waters.

- Dog fouling is still bad, Environmental Health has been called and has issued a fixed penalty notice.
- A request for a fouling bin has been submitted for Brewland Street.
- 'Lollipop' people, the council is reviewing the requirements.
- Tomorrow, 3 papers regarding Galston are to be put before the council:
 - 1. The formalisation of the CARS Scheme – with proposals for the distribution of grants. 4 Priority buildings have been identified, it is estimated that the total funding is sufficient for these buildings plus all other grant applicants. The funding is being sourced by EAC (£700 000) and Historic Scotland (£750 000). As far as possible specialist trades people will be used and there is an allowance for training and skills at Ayr College. ,
 - 2. An update on the future of the Galston Office, including upgrading the present Town Office, mothballing the property above the coop and the landscaping of the corner 'gap site'. Discussion followed about the staff and their future.
 - 3. The mechanism for the distribution of the Tesco Funds; which would involve the creation of an executive committee.
