

# Kilmarnock Town Centre *Regeneration*

Kilmarnock Conservation Area Regeneration Scheme (CARS) and Townscape Heritage Initiative

Kilmarnock CARS/THI is a grant programme that makes funding available to owners of commercial and residential properties located in the John Finnie Street and Bank Street Outstanding Conservation Area to promote, preserve and enhance the traditional character and appearance of properties in the area. The scheme is funded by Historic Scotland, Heritage Lottery Fund, the Community Planning Partnership's Fairer Scotland Fund, Scottish Enterprise and East Ayrshire Council. The two schemes have operated separately for a number of years but in early 2011 the schemes combined.

Grant assistance has been provided to a number of property owners in the John Finnie Street/ Bank Street Conservation Area.
