

Potential Mauchline CARS

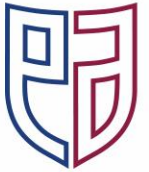

Public Meeting

Venue: Centre Stane, Mauchline

7pm Monday 5th November 2018

Colin McKee - Heritage Projects Coordinator

Mauchline CARS

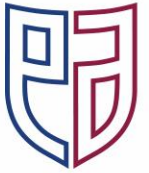

What is a Conservation Area Regeneration Scheme(CARS)?

A five year Historic Environment Scotland programme that can offer grant of **up to** £2 million to support cohesive heritage-focused community and economic growth projects within Conservation Areas across Scotland.

The grant scheme would be jointly funded by East Ayrshire Council and Historic Environment Scotland, with any additional external funding that can be secured for specific projects.

CARS Overview

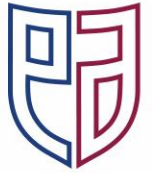

Historic Environment Scotland Expect CARS to Deliver:-

- A combination of larger building repair projects,
- Small third-party grant schemes providing funding for repairs to properties in private ownership,
- Activities which promote community engagement with the local heritage and;
- Training for professionals and tradespeople in traditional building skills,

All of which will contribute to sustainable economic and community development within the Conservation Area.

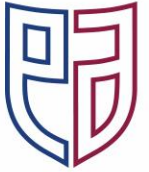

HES Criteria for Awarding a CARS

- CARS bids are assessed in competition with each other.
- HES assess how well the project achieves the priority outcomes for the CARS programme
- How well planned and ***deliverable*** it is
- How we plan to sustain the scheme benefits in the longer term.

HES Priority Outcomes

The four CARS priority outcomes are listed below:-

Understand

- Priority outcome: Communities are empowered to take an active role in understanding and enhancing the historic environment

Protect

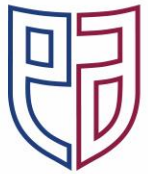

- Priority outcome: Historic sites and properties will be conserved, regenerated and made sustainable and economic activity will be increased

Value

- Priority outcome: People and communities enjoy the historic environment

Lead

- Priority outcome: Economic activity undertaken in and around the Historic Environment will be increased

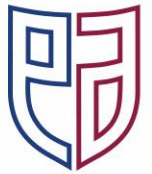

CARS Eligible Works

Eligible Works, include:-

- Historic Fabric Repairs for single properties, third party grant schemes for multiple properties – Including general structural repairs ; Structural timber or timber repairs ; Reinstatements after repair; Re-roofing and high level repairs ; Chimney repairs ; Lead work ; Rainwater Goods; Stonework repairs and repointing ; Render repairs and re-rendering; Windows, doors and external joinery.
- Community Engagement Activities
- Training for professional craftspeople and construction workers – minimum of 5% of grant request
- Public realm conservation and restoration – maximum of 20% of grant request
- New staff costs – HES do not fund existing staff costs

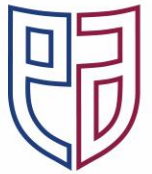

Galston CARS – A Successful Example

Priority Objectives Achieved

- Regenerated Galston Conservation Area
- Brought vacant floor space back into use
- Targeted key buildings for major repair
- Shopfront Improvements
- Improved the public realm
- Carried out education & community engagement
- Provided training in traditional Skills

Mauchline Community Action Plan

Key Themes and Priorities Linking to a Mauchline CARS

Theme 1 –Traffic, Roads and Town Centre Improvements

- Priority 2 - Village Enhancement
- Priority 3 Improve Public Realm and Shopfronts

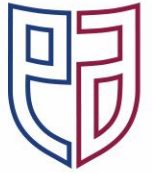

Theme 3 – Heritage and Environment

- Priority 1 – Continue to develop Burns related visitor attractions and events

Theme 4 – Local Economy

- Priority 1 – Support existing businesses
- Priority 2 – Expand tourism – develop and promote attractions, events, and activities.

Mauchline Community Action Group

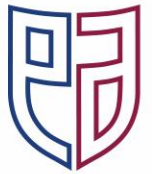

To submit a successful CARS bid for Mauchline we need a CARS proposal that has the full support of the community.

- MCAG have agreed to lead the community input to the Mauchline CARS
- MCAG have agreed to set up a Mauchline CARS Sub-Committee/Steering Group
- MCAG are looking for volunteers to join the group and join the sub-committee.
- **Please sign up today and get involved.**

Regeneration Activity

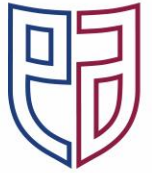

Mauchline Tourism Action Plan

Expanding tourism in Mauchline is a key element within the delivery of the Mauchline Community Action Plan.

Tourism is crucial to East Ayrshire and Scotland and The Scottish Government consider tourism as one of 7 key economic factors with an objective to grow visitor spend by the year 2020 to £1 billion.

In line with the Scottish Governments objectives, East Ayrshire Council has set its own objectives of growing tourism income to £92 million with a related increase in visitor numbers to 1.15 million by the year 2021.

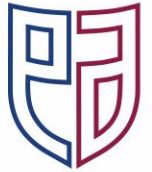

Tourism & Economic Growth Projects

- **Burns related attractions:-** Burns House Museum; the National Burns Memorial; Nanse Tinnock's; the Kirkyard; Jean Armour's Statue; Poosie Nansie's
- **Mauchline Castle** - Abbot Hunter's House – Public Access and a Digital Model & associated archaeological dig.
- **Covenanters Trail**
- **Mauchline Boxware & the Curling Stone Factory.** Investigate the existing factory as a heritage visitor attraction and assist the growth and relocation of current works to a dedicated site
- Links to **River Ayr Way**
- Links to **Dumfries House**
- More **craft and gift shops**

Tourism & Economic Growth Projects

Hospitality

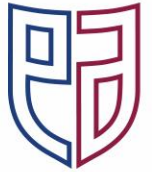

- Fairburn Hotel
- Potential tourist accommodation in Gavin Hamilton's House
- Potential increased use of both Poosie Nansie's and the Kilmarnock Supporters Club
- Increased community use of the Centre Stane.
- Improve shopfronts to attract more visitors
- Hotels & Guest House Accommodation
- Restaurants & Cafes

Infrastructure

- Signage, Interpretation and guides
- Tourist Trails and local walks
- Audio tour
- Parking, public toilet and road signage

Training Plan

Regeneration Activity also includes the development of a range of training opportunities that will hopefully help to grow the traditional construction sector.

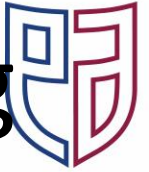

Discussions are ongoing with Ayrshire College, The Great Steward of Scotland's Dumfries House Trust in relation to providing training under the Mauchline CARS.

Having undertaken a brief review of training courses available it is considered that there are a wide range of existing courses available for building professionals, i.e. architects, engineers and surveyors. These include courses provided through Historic Environment Scotland's Engine Shed.

The Mauchline CARS Training Programme is therefore being developed to provide courses, seminars, workshops on aspects of historic building repair and restoration techniques that will be aimed at:

- Contractors
- Building owners
- The wider local community, residents and schools.

Community Activities & Learning Opportunities

Throughout the 5 year duration of the Mauchline CARS there will be a programme of events that will include:-

Mauchline CARS Launch

Mauchline CARS – Priority projects exhibition

Mauchline CARS – Shop front & public realm exhibition

Mauchline CARS – Artist in Residence - Community Engagement Programme

Mauchline CARS – Schools Heritage Awareness Course

Mauchline CARS – Archaeological Dig

Mauchline CARS – Interactive Town Trails Development

Mauchline CARS – Reviewing & republishing the 1986 book “Mauchline in times past” compiled by Mauchline Burns Club

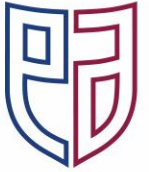

Mauchline CARS – Abbot Hunter’s Tower 3D Digitised Model

Mauchline CARS – Storytelling & poetry – Mauchline Burns Club

Mauchline CARS – Curling Stone Factory Visitor Experience

Mauchline CARS Completion Celebration

Artist in Residence

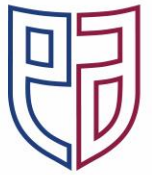

Aim: To raise the profile of the social, economic and built heritage of Mauchline via community engagement, collaboration and co-design.

Key Tasks:

- (i) Through the visual arts engage the community in the heritage of Mauchline. This includes the physical, social and economic heritage of Mauchline, with an emphasis on the physical heritage.
- (ii) Provide artistic support to promote the Mauchline CARS to the wider community.
- (iii) To utilise the facilities available to undertake the artist's practice, and to develop their own economic sustainability.

Next Steps

- **Community members to sign up to the Mauchline CARS Steering Group**
- **First Meeting of the Mauchline CARS Steering Group – Date TBC**
- **Seek evidence of wider community support – Letters of Support**
- **Confirm property owners details and get their agreement to be part of the scheme**
- **Finalise the CARS proposal**
- **Application Submission Deadline - 15th November 2018**
- **Decision by the end of February 2019**
