

Hello Mauchline Community, Friends & Partners,

With our first update of 2025 we would like to wish everyone a Happy New Year! We can't wait to share our progress over the coming year with five live grant aided projects progressing well and plans for our public realm improvements proceeding it will be a busy twelve months. We will also be considering additional education and training projects, budget dependant. Make sure to follow us on social media and register for updates via East Ayrshire Council's StayConnected Newsletters, to keep updated on all Mauchline CARS matters.

With the New Year, came new projects!

We have hit the ground running for 2025 with the establishment of an additional two grant aided property repair and restoration projects becoming live sites.

You will notice additional scaffolding erected on Earl Grey Street and Loudoun Street at these new projects;

Earl Grey Street-

Our applicant at Earl Grey St is planning on completing a full scope of works to their property addressing a number of issues including; chimney repairs which consist of a full re-build of the chimney due to its condition, repairs to all roof coverings, rainwater goods and stonework. Lastly the property will receive new traditional style timber sash & case windows to replicate the window style historically documented in the property.

Loudoun Street-

Down Loudoun Street our applicants are planning a full repair and restoration of the exiting shopfront. Works are planned to include; removal and replacement of the current grilles, stonework repairs and the installation of new signage.

Would you like to Join Mauchline CARS Steering Group?

A key factor to the successful operation and completion of any CARS is the voice and direction of the community. Our Mauchline CARS Steering Group consists of members of our local community, some of whom also support other local groups.

As our project enters a new phase within its journey with the commencement of works to grant applicant's properties we would like to invite additional members to join our group. As a member you are required to attend bi-monthly evening MS Teams meetings, during these meetings we share an update on the project to date, consult with our members on matters currently being reviewed and ask our members to share their views and feedback on any matters arising.

If you are interested in joining us please email our CARS inbox at; **CARS@east-ayrshire.gov.uk**

If you would like any further information regarding the progress of Mauchline CARS, please do not hesitate to contact us.

Yours sincerely,

Darran Littauer-Dolan, Mauchline CARS Project Officer
