

Hello Mauchline Community, Friends & Partners,

We are thrilled to share with you that we have now progressed multiple Mauchline CARS applicants to the stage of contractors being appointed and sites becoming active. During these works you will notice scaffolding being erected around the village. these structures may affect the footpaths and in some occasions traffic flow or roads. During this time we apologies for any inconvenience caused and thank you all for your understanding.

If you see us on site please feel free to stop by and say "Hello", we will be happy to update you on the project's status and anything else we are working on at the time.

Furthermore, we have additional projects due to begin within the next two months. These will include works to properties across Earl Grey Street and Loudoun Street.

Our projects currently on site at The Cross, and Loudoun Street are progressing well. With roofing being repaired, windows restored and where applicable ordered for replacement. We look forward to sharing the finished projects with you all.

Would you like to Join Mauchline CARS Steering Group?

A key factor to the successful operation and completion of any CARS is the voice and direction of the community. Our Mauchline CARS Steering Group consists of members of our local community, some of whom also support other local groups.

As our project enters a new phase within its journey with the commencement of works to grant applicant's properties we would like to invite additional members to join our group. As a member you are required to attend bi-monthly evening MS Teams meetings, during these meetings we share an update on the project to date, consult with our members on matters currently being reviewed and ask our members to share their views and feedback on any matters arising.

If you are interested in joining us please email our CARS inbox at; **CARS@east-ayrshire.gov.uk**

Mauchline CARS Summer School

This year's Summer School included parkour, dance & music making. Learning about their local heritage focused around the Ballochmyle Sandstone Quarry.

The Summer School was funded by Mauchline CARS and delivered by East Ayrshire Council's Creative Minds Team. We would like to take this opportunity to thank all involved, we hope the young people enjoyed the event and learned interesting facts about Mauchline's history.

If you would like any further information regarding the progress of Mauchline CARS, please do not hesitate to contact us.

Yours sincerely,

Darran
