

# MAUCHLINE

CONSERVATION AREA  
REGENERATION SCHEME

## ***Hello Mauchline Community, Friends & Partners,***

As you may be aware last year we collaborated with Mauchline Community Council and submitted a bid for grant funding to the Place Based Investment Programme (PBIP) to support our first phase of public realm improvement works. Due to some delays these planned works are yet to commence, however we are now happy to share with you that we have again received further support this year to complete our second phase of lighting improvements .

Our successful application to the PBIP this year will support our second phase of lighting improvement works including the replacement of all 7 street lights across the Loudoun Street carpark with decorative posts and teardrop style lanterns to match our planned styles for Loudoun Street.

If you would like further information regarding this or any other aspect of Mauchline CARS please do not hesitate to contact me.

Yours Sincerely,

**Darran Littauer-Dolan**  
**Mauchline CARS Project Officer**
