

EAST AYRSHIRE CHILD PROTECTION COMMITTEE

PRACTITIONER BRIEFING NOTE

NO 16

TOPIC: RESILIENCE AWARENESS RAISING ANIMATION FOR PRACTITIONERS.

BRIEFING: The abovementioned new and useful resource has been created and is now available via the link below. Members of the West of Scotland Child Protection Training Group have developed this short video film to help increase the knowledge, awareness and confidence of practitioners who may require to use the Resilience Matrix in their day to day duties.

The video will help raise understanding of the GIRFEC National Practice Model and is designed to help practitioners assess and analyse children and young people's identified needs. The three parts of the Model work together, with the Wellbeing indicators used at the beginning, then built upon by the MY World Triangle and the Resilience Matrix used for a deeper analysis, however, it can be used at any stage.
