PRACTITIONER BRIEFING NOTE

NO 21

TOPIC: **WORKING WITH RESISTANCE – Improving Outcomes for Vulnerable Children & Young People where there is Parental Resistance, Non-Engagement or Non-Compliance**

BRIEFING: Developed by the West of Scotland Child Protection Consortium, the practitioner portfolio mentioned above has been designed to bring together a variety of support materials for those practitioners working to improve outcomes for children where there is parental resistance, non-engagement or non-compliance.

The main purpose of the document is to: help practitioners recognise the signs of resistance; provide a greater understanding of why such resistance exists; give some guidance on how to manage the response to parental resistance and sign-post to useful tools, tips and aids (such as the Resistance Ready Reckoner).
